

CASE STUDY

The Edinburgh Center

WEST DUNDEE, ILLINOIS

The Edinburgh Center is an up-scale shopping center that evokes Old World Architecture which allows it to fit in seamlessly with the large Old World Village housing development just west of the property.

SITE OVERVIEW

The development makes great use of a vacated, yet prominent, lot and provides a pleasing buffer from the bustling roadway for the local residents. This shopping center was designed to provide the local neighborhood a pedestrian friendly place to shop and work, while also appealing to, and drawing from its extensive frontage on the main artery in West Dundee: Route 31.
